You must attach the completed Step 1 Grievance that has been signed by the Warden for your Step 2 appeal to be accepted. You may not appeal to Step 2 with a Step 1 that has been returned unprocessed.

Give reason for appeal (Be Specific). I am dissatisfied with the response at Step 1 because...

I neglected to resolve the issues or give the requested actions on the Step 1 Grievance # 2018151563. The main topics were avoided and up to this day nothing has actually been done in my favor to resolve any of this stuff.

My Human & Federal Rights are being violated by Warden Kempt, Major Vernon L. Allen, Chief of Classification Mark A. Sandlin, Lt. Eldrick D. Birdow, Officer Reshetto Lewis, the SSI "Junior", etc. which also greatly increases my punishment above and beyond what the State Court sentenced me to on December 2nd, 2005 specifically by Conspiring together against my rights, depriving me of my rights under color of law, obstructing justice, perjury on official documents, violating my Protected Conduct of filing grievances, interfering with my access to courts rights deliberately, violating my due process of law rights, interfering with an official investigation to cover up crimes against me, cruel & unusual punishment against me unlawfully, violating my equal protection of the law rights due to my mental illness, retaliating against me & harassing me for seeking legal relief, tampering with evidence illegally; not investigating my Grievance properly on purpose, leaving me in Anderson County so prison officials & staff can keep harassing me for seeking legal relief for crimes against me here on Michael Unit like those on February 13th, 2018 & refusing to stop violating rights, refusing to protect me from prison officials & staff who keep conspiring against my rights, leaving me in an environment where I am at substantial risk of personal injury or other serious or irreparable harm, etc.

Content Copied

All these crimes & violations of my rights are being done very deliberately with evil intentions & evil motives. All these people aforementioned are directly involved in trying to get me to give up on seeking legal relief especially regarding the crimes against me on 2-13-2018 up til now. I am not alright at all and need away from Anderson County immediately...

You must try to resolve your problem with a staff member before you submit a formal complaint. The only exception is when appealing the results of a disciplinary hearing.

Who did you talk to (name, title)? O.I.G. & Several Prison Officials & Staff From 6-11-2018 to When? 9-13-2018

What was their response? Negative

What action was taken? O.I.G. & Several Officials & Staff violating my rights & obstructing Justice...

State your grievance in the space provided. Please state who, what, when, where and the disciplinary case number if appropriate.

First of all, regarding Grievance # 2018151563 --- C.G.O. B. Barnett responded to the Step 2 on September 13th 2018 ~ I did not get the Grievances back til October 9th, 2018 at mail call that night... 26 days later. The Unit Grievance Office Staff held on to it for no good reason "but delay my legal work..." All the aforementioned individuals involved in Grievance # 2018151563 & the Office of Inspector General are very clearly conspiring against my rights et al while acting under color of State law... They know about the crimes committed against me on February 13th, 2018 by prison officials & staff and the non stop retaliation & harassment I have faced since then including the issues in Grievance # 2018151563 that were clearly avoided by Warden Pennie R. Kempt on purpose and avoided by "C.G.O. B. Barnett" also and it makes no sense that the Office of Inspector General would determine that there is insufficient evidence to warrant opening a case about the crimes against me on February 13th, 2018 or about the issues in Grievance # 2018151563? There is a whole bunch of evidence!!! So now the Office of Inspector General is either involved in the ongoing conspiracy against my rights et al and is obstructing Justice & denying me my Victims' Rights or someone is lying but either way I already have evidence that the O.I.G. Knows about these crimes against me and is not doing their job in my behalf like they are supposed to... That is another crime against me on top of many others that keep stacking up against me since February 13th, 2018 up til now --- "Corruption from every department!" ... Also, I have been denied my requested actions by Warden Pennie R. Kempt & C.G.O. B. Barnett which has left me in a situation where my Human & Federal Rights are being very seriously violated non stop by prison officials & staff... These individuals also know about the crimes against me and have made no effort to interview me

or help me actually resolve these very serious issues that I need resolved and will not stop pursuing legal relief for. O.I.G. also has made no effort to interview me about any of the allegations I've made which is completely wrong in a criminal investigation --- how can they determine that there is insufficient evidence to warrant opening a case about very serious criminal allegations without even talking to the victim of those crimes which is me? --- they can't without violating my Victims Rights themselves which seems to be exactly what they have done once again which is a crime in itself. Obstructing Justice is exactly what the O.I.G. & all involved individuals in Grievance #2018151563 are doing and they are doing it deliberately with evil intentions & evil motives against me.

*Stop conspiracy against my rights! * A full investigation into this complaint with the O.I.G. again. Action Requested to Resolve your Complaint. Grievance #2018151563 investigated again & all my requested actions granted immediately! My Victims Rights for Crimes against me on 2-13-2018, O.I.G. to do their job correctly!*

Who did you talk to (name, title)? Officers Michael O.Casteel & Jackson When? 7-31-2018 at 1am

What was their response? Threatened me and my Mom & Sister...

What action was taken? I got angry and tried to get the Officer Casteel away from my door!

State your grievance in the space provided. Please state who, what, when, where and the disciplinary case number if appropriate

I get into an argument with Officer Michael O. Casteel and Officer Jackson both of whom were directly involved in assaulting and battering me on February 13th 2018 during an Excessive Use of Force...

The argument started out about how Officer Michael O. Casteel and his friends or co-workers on escort teams keep deliberately denying me my medical appointments for about a month in a half now, then the argument went into the crime of assault & battery on 2-13-2018 that he and Jackson participated in. The argument got heated and Casteel asked where I'm from so he can find my family and F***k my Mom & Sister and he said he would beat me up at medical where there's no cameras and I came out the slot trying to get this Officer Casteel for threatening me and my family, especially my Sister and my Mom...

I told him if he fucks with my family I will kill him when I get out of prison and that he's got me fucked up!

This Officer Michael O. Casteel and the other Staff who assaulted and battered me on 2-13-2018 shouldn't even be working in a Government position anymore after what they did to me and they sure don't have a right to be antagonizing me and threatening me and my family and my Mom and Sister while I already have mental illness... I have fully informed Prison Officials and Staff that I want my Victim's Rights regarding crimes against me on 2-13-2018 →

Case 6:22-cv-00006-JCB-KNM Document 38-2 Filed 03/04/22 Page 8 of 49 PageID #: 438
and I keep being ignored and stonewalled in a very serious conspiracy against my rights. Just because I am mentally ill does not mean I am stupid but if I am brought into contact with Officer Michael O. Casteel I may lose control of my actions especially after he threatened me and my family this morning and keeps retaliating on me with his friends and coworkers. I am extremely angry from all this abuse and denial of my Victim's Rights and I refuse to give up my Human Rights and I will not tolerate threats from a dirty corrupt State Employee ~ I already sent word about this to a Law Firm and other places ~ I will be contacting my family to warn them of possible danger to their lives from Michael O. Casteel and/or his friends or other involved.

Action Requested to resolve your Complaint. *Keep all staff away from me involved in assaulting & patterning me on 2-13-2018!* *Video reviewed & data saved... Victims' Rights far crimes on 2-13-2018*

It failed to resolve the complaint or grant any of my requested actions in Grievance # 2018173565. It was not investigated properly with the Office of Inspector General at all. In fact Grievance Investigator who has the ID # I 1983 & Warden Kempt deliberately avoided the Office of Inspector General in order to obstruct justice and cover up the criminal behaviors of Michael O. Casteel et al.

No effort was made by Warden Kempt et al to actually obtain any substantiating evidence and the fact that this entire scenario is on security video and that I very clearly requested that video reviewed & saved was completely avoided purposefully. But of course any professional investigation into criminal allegations would automatically review security video footage and seek out witnesses --- especially if the investigation was coordinated with the Office of Inspector General like it was supposed to be according to Federal & State Law and BP-03.77 & AD-03.82 but these individuals do not honor any of that whatsoever.

My Human & Civil Rights are being violated by G.I.D. Director Lorie Davis, Executive Director of T.D.C.J. Bryan Collier and TBCJ Chairman Dale Wainwright et al while acting under color of state law by allowing the ongoing corruption and criminal behavior in the Grievance System to continue being perpetrated by their Subordinates with full awareness of these criminal activities being done.

My Human & Civil Rights are being violated by Warden Kempf et al while acting under color of State law which greatly increases my punishment above & beyond what the State Court sentenced me to on December 2nd 2025 specifically by conspiring against my rights et al, depriving me of my rights under color of law, Obstructing Justice deliberately, falsifying documents to cover up criminal behavior, illegally interfering with my access to courts rights and violating my Protected Conduct of Filing Grievances, torturing me by causing me severe mental & emotional pain, etc.

Who did you talk to (name, title)? DO-Gary Wright When? 8-21-2018

What was their response? I'm not doing anything for you at all.

What action was taken? Denied medical care for serious medical needs.

State your grievance in the space provided. Please state who, what, when, where and the disciplinary case number if appropriate

On 8-21-2018 at about 4:05am I was at medical in a office with escort Officer Dowanda K. Lacy and Doctor Gary Wright. I was there for my hurt head, hurt left testicle, hurt back, hurt right hand, hurt rib that was fractured and now pokes my lung when I breathe, broken nose on right side that interferes with my breathing, and a ringing sound in my ears and also to check on appointments for John Spoly that I've been waiting a long time to see what they are gonna do or not so I know how to proceed...

Doctor Gary Wright looked in my nose and agreed its broken, looked in my ears but said nothing, had me squeeze his fingers for some reason, listened to my breathing but said nothing, and then sat down and told me that he ain't gonna do nothing for me at all, And that is exactly what Doctor Gary Wright did for me--absolutely nothing!

So after 2 months of deliberately being denied access to medical illegally, I finally got to medical on 8-15-2018 and some minor issues are taken care of but when I go back for the major issues, I get completely denied medical care by Doctor Gary Wright altogether! This is obviously part of the conspiracy against my rights by prison officials & staff here on Michael Unit acting under color of State law and is very deliberate indifference being perpetrated against me by Doctor Gary Wright. --- Officer Dowanda K. Lacy was there the whole time and had to witness this Doctor do nothing for me at all! I have serious medical needs that any reasonable Doctor would consider worthy of treatment.

These conditions significantly affects my daily activities along w/ my mental illness and I do have serious chronic pain that never stops so I do need medical care for these issues immediately...

This deliberate indifference to my serious medical need is cruel and unusual punishment and is making my mental illness worse and my injuries keep hurting non stop badly. The ringing sound in my ears from the illegal use of force on 2-13-2018 is seriously bothering me. I need to be on a medical unit where I can have therapy for my injuries without interference.

Retaliation & Harassment to stop! Protection from deliberate indifference to my serious medical need. Action Requested to resolve your Complaint. Conspiracy against my rights to stop immediately. My medical needs taken care of properly according to Federal Law. A full investigation & evidence saved for litigation. Transfer me away.

Regarding Grievance #2018186369 ~ it was not investigated properly and it did not resolve the issue. In this Grievance #2018186369 Pam Pace has completely violated my rights while acting under color of state law which very greatly increases my punishment way above & beyond what the State Court sentenced me to on December 2nd, 2005 specifically by Conspiring with Doctor Gary Wright et al against my rights, depriving me of my rights under color of law, Obstructing Justice to cover up the sadistically evil behavior of Doctor Gary Wright, Falsifying the Grievance Response to cover up the very obvious denial of medical treatment by Doctor Gary Wright, etc. and by torturing me and causing me very serious mental & emotional pain & suffering which has agitated my mental illness to the extreme...

Doctor Gary Wright violated me sadistically & sexually as I tried to also explain in Grievance #2019016851 but my Protected Conduct of filing Grievances was completely violated by Grievance Investigator Tammy L. Grievance Response:

A review of the Step 1 medical grievance has been completed regarding your complaint of being denied appropriate treatment for your fractured ribs by the physician named in your complaint. You stated the doctor failed to offer any treatment for your broken rib, which pokes you. You listed several other complaints that were addressed during this examination. You were dissatisfied with the examination and treatment offered. You asked to be treated properly.

Review of the electronic health records indicated your rib was fractured sometime before 3/8/2018. The doctor documented your lungs were clear and you had no difficulty breathing during the examination. Current x-rays taken 10/11/2018 shows no bony abnormality, which means there is no evidence of rib fracture able to cause any poking sensations. You have been seen multiple times by various providers. All of your medical concerns have been addressed.

All medications, treatments, and referrals are based on the clinical findings of the provider at the time of their assessment. While you maintain the right to refuse any services offered, you do not have the liberty to dictate what medications, treatments, or appointments will be prescribed. There is no documentation to support your complaint against the medical staff named your complaint. Appellate review supports the response offered at Step 1. No further investigation is warranted for this issue.

Who did you talk to (name, title)? Medical Records When? 9-19-2018
 What was their response? Learned Gary Wright was very deliberately indifferent to my serious medical needs.
 What action was taken? He has purposefully caused me unnecessary & wanton infliction of pain...

State your grievance in the space provided. Please state who, what, when, where and the disciplinary case number if appropriate

I found out on my medical records that Doctor Gary Wright violated my Human & Federal Rights much worse than I was aware of beforehand and although I do not understand all the medical terminology he used on my medical file for 8-21-2018, what I have figured out is very cruel and unusual punishment with very deliberate indifference & evil motives & evil intentions. He ignored obvious conditions that are well documented in my medical file in order to harm me maliciously. He lied on my medical file stating he examined my abdomen, my genitalia, my posterior oropharynx "anus", my eyes, my trachea, my bowels, my right knee, and much more I do not even understand yet but it's really messed up to claim to check my genitalia & anus when the only other person in the room was a female Officer Dawonda K. Lacy so that was an easy lie to catch right there! That is sexual in nature and makes me feel dirty, inside & violated by Gary Wright... He claims I don't need a cane but I have had my knee broken, right knee medial meniscus tear, meniscectomy surgery on 6-16-2015, Osteoarthritis, tibiofemoral marginal osteophyte formation & joint space narrowing, etc. "all on file". Says I walk without cane touching the ground?? That is an outrageous lie! Like he follows me around the whole unit everywhere I go? He states my right hand is good too--- even though I've had a upper shaft head of the fifth metacarpal fractured "on file"... My left testicle is not ok and is also on file with a prior ultrasound that showed a problem so that's a lie! I never consented or requested my posterior oropharynx or anus or buttocks to be examined by anybody and surely not in front of Dawonda K. Lacy! Never complained about my bowels or my eyes in the first place although I do have bad eyesight. He lies and states my nasal passages are patent but my nose is broken over on the right side where it is visible with just plain eyesight just looking inside you can see it and it's been on file many many times before... Never asked to get my trachea checked either! He didn't do anything at all to help me and lied on my medical file in an obvious conspiracy against my rights etc! He told me in my face that he wasn't ~ NOV 01 2018

going to do nothing, he went to count in his cell for a few minutes at most before leaving. All he did in those few minutes was look in my ears, my nose, listen to my heart and have me squeeze his fingers with my hands and nothing else then sat back down and said "I'm not doing nothing for you!" -- but he did worse than nothing who went on a falsifying my medical file rampage so not only did he not do anything at all for any of my serious medical needs on purpose but also went out of his way to torture me by causing me very serious mental, emotional, and physical pain & suffering with very deliberate indifference -- He Knows exactly what he was doing was extremely wrong and even illegal as he purposefully victimized me sadistically and this has had me thinking very bad thoughts non-stop about him et al. I hate him with a passion! He is sick minded!

Action Requested: Stop conspiracy against me now! Victims' Rights for these crimes against me!!! Clean my file... Adequate medical care now! * Protection from Gary Wright! A full investigation with O.I.G.G Health Services Department! Transfer me to a real medical unit for proper medical care! Help me as

Who did you talk to (name, title)? DO-Gary Wright When? 8-21-2018

What was their response? I'm not doing anything for you at all.

What action was taken? Denied medical care for serious medical needs.

State your grievance in the space provided. Please state who, what, when, where and the disciplinary case number if appropriate

On 8-21-2018 at about 4:05am I was at medical in a office with escort Officer Dawanda K. Lacy and Doctor Gary Wright. I was there for my hurt head, hurt left testicle, hurt back, hurt right hand, hurt rib that was fractured and now pokes my lung when I breathe, broken nose on right side that interferes with my breathing, and a ringing sound in my ears and also to check on appointments for John Spaly that I've been waiting a long time to see what they are gonna do or not so I know how to proceed...

Doctor Gary Wright looked in my nose and agreed its broken, looked in my ears but said nothing, had me squeeze his fingers for some reason, listened to my breathing but said nothing, and then sat down and told me that he ain't gonna do nothing for me at all, And that is exactly what Doctor Gary Wright did for me--absolutely nothing!

So after 2 months of deliberately being denied access to medical illegally, I finally got to medical on 8-15-2018 and some minor issues are taken care of but when I go back for the major issues, I get completely denied medical care by Doctor Gary Wright altogether. This is obviously part of the Conspiracy against my rights by prison officials & staff here on Michael Unit acting under color of State law and is very deliberate indifference being perpetrated against me by Doctor Gary Wright. --- Officer Dawanda K. Lacy was there the whole time and had to witness this Doctor do nothing for me at all! I have serious medical needs that any reasonable Doctor would consider worthy of treatment.

These conditions significantly affects my daily activities along w/
my mental illness and I do have serious chronic pain that never stops so
I do need medical care for these issues immediately...

This deliberate indifference to my serious medical need is cruel and unusual punishment and is making my mental illness worse and my injuries keep hurting non stop badly. The ringing sound in my ears from the illegal use of force on 2-13-2018 is seriously bothering me. I need to be on a medical unit where I can have therapy for my injuries without interference.

Action Requested to resolve your Complaint: Retaliation & Harassment to stop! Protection from deliberate indifference to my serious medical needs. Conspiracy against my rights to stop immediately. My medical needs taken care of properly according to Federal Law. A full investigation & evidence saved for litigation. Transfer me away.

Grievance Investigators Margaret M. Price, Monte P. Nabor, and Melissa B. Vixtha et al are very deliberately conspiring against my rights and depriving me of my rights under color of law. They are deliberately ignoring Federal & State Law and even Board Policy -03.77 & Administrative Directive -03.82. The criminal behaviors brought to light in Grievance # 2018048098 & 2019003993 are supposed to be processed as Emergency and coordinated with the Office of Inspector General but these involved Grievance Investigators don't care about what they are supposed to be doing as long as they can try as hard as they can to obstruct Justice for the crimes committed against me on February 13th 2018 by prison officials & staff. Obstructing Justice is a crime itself and I want my Victims' Rights for each and every crime committed against me by prison officials & staff acting under color of law or state law from February 13th 2018 up til now and also for any future crimes perpetrated against me by fore said individuals.. What action was taken? Tammy L. Rainey violated my Protected Conduct of filing Grievance #2019021054

State your grievance in the space provided. Please state who, what, when, where and the disciplinary case number if appropriate.

All the Grievance Investigators here on Michael Unit Involved in Grievance # 2018098095, 2019002599, 2019014144, and now 2019021054 have completely violated my Protected Conduct of filing Grievances under Federal & State Law. They continue to interfere illegally by obstructing Justice with my attempts to exercise my access to courts rights to obtain legal relief for crimes committed against me on February 13th, 2018 by Prison Officials & Staff illegally. These Investigators are on a massive campaign of harassment & retaliation against me ever since February 13th 2018 up till now and ongoing. They sure as hell don't want me to get my Victim's Rights for the crimes against me on February 13th, 2018 such as the theft of my property, assault & battery which caused me serious injuries, and the denial of medical care for over 10 hours straight... I'm seriously believing that either a few or all these Grievance Investigators are personally related to the people who harmed me and/or violated my rights but either way they are most definitely conspiring against my rights together et al. illegally...

My Human & Civil Rights are being violated by the Unit Warden Who reviewed the Use of force on February 13th 2018 and did nothing, the Regional C.I.D. Director Matt Barber who was supposed to review it or surprise the ones who were and did nothing, C.I.D Director Lorrie Davis who is over the whole Prison System in Texas and is fully responsible for the standards/Policies/Procedures/Rules/etc. being Violated by Her subordinates systematically when Use of Force Issues/Guidelines/etc. have been very clearly outlined in the Supreme Court case "Hudson v. McMillian, 503 US 1 (1992)" and shows exactly who is responsible for Use of Force cases; and of course all these Grievance Investigators who here on Michael Unit who violate my Access To ~

Courts Rights & Due Process Rights can stop in order to Obstruct Justice for the crimes committed against me on February 13th 2018 and deliberately avoided the Office of Inspector General for all the aforementioned Grievances regardless of what Federal & State Law demands along with RP-03.77 & AD-03.82 and in such cases as Hudson v. McMillian, Ex parte Hull, Johnson v. Avery, Bounds v. Smith, Lewis v. Casey, Wolff v. McDonnell, Sandin v. Conner, etc. in Supreme Court to name a few that no T.D.C.J. Policy can overrule whatsoever and if done so deliberately, it is a crime in itself. All these aforementioned people are responsible for torturing me physically, mentally, and emotionally and causing me severe pain & suffering on all those levels. I am not alright and I need my Victims' Rights for all these crimes against me.

Action Requested to resolve your complaint. Conspiracy against me to stop. Stop crimes against me. My Human & Federal Rights are being violated by Grievance Investigators Tammy L. Ralney, Margaret M. Price, and Monte P. Nabors et al while acting under color of State law which very greatly increases my punishment above & beyond what the State Court sentenced me to on December 2nd, 2005 specifically by conspiring against my rights et al, depriving me of my rights under color of law, deliberately Obstructing Justice to cover up the crimes against me on February 13th 2018, ignoring Federal & State Laws and BP-03.77 & AD-03.82 and also refusing to coordinate these Grievances with the Office of Inspector General as demanded for any complaints about criminal acts by staff or harassment / retaliation for exercising access to courts rights including excessive uses of force all of which are Emergency Grievances, illegally falsifying reports to cover up crimes for other prison staff against me intentionally, denying me my Victims Rights for the crimes against me on February 13th, 2018, violating my due process of law rights by deliberately interfering with my Protected Conduct of filing Grievances, using a campaign of harassment & retaliation to interfere with my attempts to obtain legal relief for crimes against me & use my access to courts rights, leaving me in a situation where I am most definitely at serious risk of injury or some other serious or irreparable harm, cruel & unusual punishment & torture by allowing and/or causing me severe physical/mental and emotional pain & suffering and also violating my equal protection of the law rights

the responses are false. These complaints about crimes committed against me by prison staff & harassment/retaliation for trying to exercise my access to courts rights were not processed correctly at all on purpose by Grievance Investigators Margaret M. Price & Tammy L. Rainey who had no business touching a complaint that also involves themselves. These individuals have been conspiring against my Human & Federal Rights with others non-stop since February 13th, 2018 up til now and Obstructing Justice for crimes committed against me by prison staff including themselves. Emergency Grievances do not have any screening criteria that has been used against me in Grievance # 2018098095 / 2019002599 and # 2019014144 which are about illegal excessive use of force, crimes by staff, and retaliation & harassment for trying to exercise my access to courts rights. AD-0382 clearly shows I am in the right and that the Office of Inspector General was deliberately avoided to obstruct Justice by foresaid individuals et al. ~ I want all my Victim's Rights for each & every single crime committed against me by all involved prison officials & staff from February 13th 2018 up til now as I am in the right and I want Justice for these crimes against me and I refuse to stop until I get that Justice! Y'all can't punish me for breaking the law while y'all break the law to pieces? That's hypocrisy! Anyone who represents the law, must also follow the law themselves and uphold themselves with ethical conduct...

Crimes ~ Emergency ~ Access To Courts

You must try to resolve your problem with a staff member before you submit a formal complaint. The only exception is when appealing the results of a disciplinary hearing.

Who did you talk to (name, title)? Grievance Investigators When? 4-27-2018/10-1,3,8-2018

What was their response? Grievable time period has expired

What action was taken? Grievance Investigators Obstructing Justice for crimes against me.

State your grievance in the space provided. Please state who, what, when, where and the disciplinary case number if appropriate

These Grievance Investigators involved in Grievance its : 2018098045, 2019002599, and 2019014144 continue to deliberately attempt to Obstruct Justice for crimes committed by prison officials & staff against me on February 13th 2018 by conspiring together et al against my rights and constantly violating my Protected Conduct of filing Grievances in a an actual full out campaign of retaliation & harassment against me because of my attempts to exercise my access to courts rights to seek legal relief for all these crimes against me.

OCT 18 2018

They completely disregard Federal & State Law and Administrative Directive 03.82 which very clearly explains that any excessive use of force or crime by staff or harassment & retaliation for trying to exercise access to courts rights is an Emergency Grievance and shall be coordinated with the Office of Inspector General... In fact, they are all going out of their way to avoid the Office of Inspector General with these serious complaints because they know they are very wrong and they know they will get in trouble for what they have been doing to me this whole time since February 13th 2018 up till now and ongoing... They are interfering with me getting my Victims Rights...

OCT 18 2018

These Investigators do not have any business investigating complaints that involve themselves nor do they have a right to stop Emergency Grievances from being processed and coordinated with the Office of Inspector General as demanded by Law & AD-03.82... They are torturing me on purpose non stop to cover up serious crimes against me where I was seriously injured illegally on February 13th 2018 and this criminal behavior by them is causing me severe mental & emotional pain that

I can't get any help far because the Psyche Department is also playing sick little mind games and violating my rights non stop --- this is massive, very cruel and unusual punishment -- absolute torture being perpetrated against me by all these involved Grievance Investigators acting under color of state law. They have completely violated my Human & Federal Rights and continuously aggravate my mental illness --- I despise these corrupt people. I hate them! They represent the law but they break the law non-stop! That's hypocrisy! They know exactly what they are doing with their evil intentions and evil motives against me. They are also violating the rights of taxpayers who are unknowingly paying them to break the Law non stop... It's criminal behavior!

Action Requested to resolve your Complaint. Conspiracy against me to Stop immediately! OCT 15 2018

Who did you talk to (name, title)? Medical Department From 10-2-2018
 When? to 11-13-2018

What was their response? Scheduled For Provider / Diet Clinic

What action was taken? Denial of access to medical for serious medical/religious needs

State your grievance in the space provided. Please state who, what, when, where and the disciplinary case number if appropriate

On 10-2-2018 filed I-60 regarding pain ~ 10-4-2018 saw NP Seung T. Lim and was denied renewal of cane pass due to Gary Wright's lies and was not given any pain meds & was put on Diet Far Health for my Knee that's been hurt since February, 13th 2018 excessive use of force and was put on Propranolol 10mg for my endless headaches from being injured a bunch of times in a bunch of excessive uses of force... Propranolol has nothing to do with my head injuries at all... He also messed up and stopped my Religious Diet of no Beef & no Impure Pork and I've been trying to get that fixed since 10-5-2018 "I-60" & was scheduled for Diet Clinic & I tried again on 10-15-2018 "I-60" & was scheduled again and on 10-30-2018 "I-60" and was scheduled for Provider but nothing has been done up 'till now "11-15-2018" and ongoing about it... On 10-15-2018 I put in again for my pain, cane pass renewal, bad right knee, etc. and was scheduled for Provider again and again on 10-30-2018 "I-60" about my multi site injuries, cane renewal, pain, physical therapy for my knee, rib poking my lung as I breathe on right side, etc. and on 11-7-2018 "I-60" about multi-site injuries & pain, the Propranolol I'm on for my headaches which makes no sense at all and does not help the headaches and makes me feel dizzy/light headed & hungry as hell with shakes --- and on 11-8-2018 "I-60" Scheduled again for Nurse sick call for pain, multi-site injuries due to February 13th 2018 illegal use of force, knee support & cane renewal, physical therapy, etc. --- Up to this day now "11-15-2018" I have not received any actual medical care for my medical needs, nor have I got my Religious Diet of no Beef & no Impure Pork... All the Provider appointments never happened and another serious problem is that on 11-12-2018 Officer Michael O. Casteel come to escort me to a Nurse sick call when he is the same Officer who directly participated in assaulting & battering me on February 13th 2018 and antagonizing me several times including threatening me & my family on 7-31-2018 at 1am, etc. at 12A-31cell... But still no Provider regardless after 44 days of me trying to get help? 44 days with no medical ~

care whatsoever... No Prison Staff have come to my cell door to escort me to a provider or Diet Clinic lay in for the whole 44 days now... So I am being denied medical care deliberately once again by Prison Officials & Staff once again with very obvious evil intentions & evil motives. This is literally torture that is causing me endless severe physical, mental, and emotional pain and suffering... All involved individuals are conspiring against my rights et al while acting under color of state law which very greatly increases my punishment above & way beyond what the State court sentenced me to on December 2nd 2005 and agitates the hell out of my mental illness non stop! These people are very hateful towards me on purpose...

~~Protection from bad Staff~~
Action Requested to resolve your Complaint.
*Conspiracy against me to stop immediately...
Full investigation. Transfer me to Estelle Unit for long-term Physical Therapy & medical care and to get me away from these bad people violating my Human & Federal Rights. Proper medical care.

Give reason for appeal (Be specific). I am dissatisfied with the response at Step 1 because...
 It not only did not resolve the complaint but Practice Manager Pam Pace tries to carefully avoid the main topics of my complaint and my requested actions have been ignored again...

My Human & Civil Rights are being violated by Pam Pace while acting under color of State Law which not only violates the rights of Taxpayers but, also greatly increases my punishment way above & beyond what the State Court Sentenced me to on December 2nd 2015 specifically by Conspiring with others against my rights, Obstructing justice for the 44 days I was denied medical care & provider Appointments for serious medical needs again, violating my Protected Conduct of filing Grievances by deliberately avoiding the main topics of Grievance # 2019038317 and ignoring my legitimate requested actions, leaving me in a situation where I continue to be harassed & retaliated on by Prison Officials and Staff for trying to exercise my access to courts rights and obtain proper medical care for serious medical needs most of which have been caused by excessive uses of force by Prison Employees like what happened to me on February 13th 2018 where I was seriously injured and those injuries have still not been solved over a year later now, etc.

Here it is a year after the February 13th 2018 excessive use of force with serious injuries that have still not been taken care of. My back, right knee, rib on right lower side, ringing in my ears, hurt right hand, endless headaches, etc. are from that excessive illegal use of force and all hurt badly and/or affect my life/health adversely and now its past a year now and on top of that I'm still wrestling to get my nose fixed, testicle fixed, etc. ~ and there's no reason that any of the Prison Staff who hurt me should be anywhere near me or interfering with my medical appointments like Officer Michael O. Casteel did on 11-12-2018.

 A review of the Step 1 medical grievance has been completed regarding your complaint you were seen on 10/4/2018, at which time the health care provider named denied a cane renewal, pain medication, and Diet For Health diet. You reported propranolol prescribed for headaches does not help and makes you dizzy. You complained the provider stopped your religious diet. You reported the escort who presented on 11/12/2018 was the same officer who assaulted you on 2/13/2018. Action requested was for a transfer to Estelle for Physical Therapy.

Grievance Response: Review of your health records indicates you were given appropriate information in the Step 1 response pertaining to your medication, treatment, and dietary concerns, as well as, for request of a cane renewal. If you feel your situation requires further evaluation you are advised to submit a Sick Call Request to the medical department.

Religious dietary concerns may be addressed to the chaplain at your unit of assignment. For consideration of a medical transfer, you may submit a request to the facility medical director, who is responsible for determining if a medical transfer or placement on another facility is necessary and will only do so when an offender's medical needs cannot be met on the current unit of assignment. Security staffing issues are not within the authority of this office and may be directed to the warden's office at your unit of assignment. Who did you talk to (name, title)? Practice Manager Pam Pace I0352 APR When? 3-18-19 / 2-1-19

What was their response? Frivolous Responses on purpose

What action was taken? No positive action taken for me in Grievance # 2019038317 at all!

State your grievance in the space provided. Please state who, what, when, where and the disciplinary case number if appropriate

Practice Manager Pam Pace & CCO Staff Member I0352 are both violating my Human & Civil Rights together in a conspiracy against my rights that has been ongoing since February 13th 2018 with many others. Neither of them actually did anything to fix the problems in Grievance # 2019038317 or grant any of my requested actions. They have left me in a situation where I'm still denied access to medical care for long periods of time and where my rights continue to be violated non stop which I have reported time & time again for over a year now straight. APR 19 2019

In Grievance #2019038317, 46 days went by before I had access to a medical provider and much longer before I had physical therapy for my knee which did not help due to the fact that the injuries to my right knee have made it where it will never be good again which is on my medical records very clearly. But what about all my other multi-site injuries that still have not been taken care of up to this very day like my back, nose, ribs, hearing, etc. and the endless headaches like I have right now as I write this complaint?? And my right knee is always in pain along with all the rest and my left testicle is still not taken care of due to my appointments being tampered with on purpose adversely which I've also filed complaints on separately too. APR 19 2019

For over a solid year I've suffered from many multi-site injuries and have. I'm still having serious problems getting those injuries taken care of up to this very day which I have documented. There's no way to explain lawfully and/or ethically how or why I'm still struggling to get proper medical care after over ~

Give reason for appeal (Be Specific). I am dissatisfied with the response at Step 1 because...

Grievance Investigators Margaret M. Price, Melissa B. Vixtha, and Rachel R. Roland all violated my Protected Conduct of Filing Grievance #2019109084 by deliberately blocking it from being processed by falsely claiming that it is an issue that's not grievable, that is straight up harassment and retaliation on their part against me on purpose and it is unlawful and unconstitutional. These individuals have been harassing me & retaliating against me for a long time now for me trying to exercise my access to courts rights by filing Federally Protected Grievances. Margaret M. Price is the Supervisor in the Unit Grievance and most definitely knows better but she disregards the Law of the Land Systematically. She is supposed to lead by example and honor the Federal & State Law but she does not on purpose! It's wrong and is seriously agitating to my mental health. Please process this Grievance according to the Federal & State Law. I've been asking for Protection from all these Investigators who keep violating my rights non-stop too!

Regarding Grievance #2019022943 ~ It was deliberately not processed correctly by Investigator Monte P. Nobors & Margaret M. Price. To begin with, none of the Grievances in this series are regular issues at all, in fact, they begin with Criminal activity by Jamadre L. Enge & Barbra C. Neal and then turn into violations against my protected Conduit of Filing Grievances & Retaliation/Harassment for me trying to get legal left by exercising my access to courts rights, damage of an official document, violations of very well established Policies & Administrative Directives such as BP-03.77 & AD-03.82 which are based off of Federal & State Laws, then obstruction of Justice, and conspiracy against my rights... NOV 19 2018 NOV 27 2018

Grievable time period has expired ?? For Crimes perpetrated against me by Prison Staff members ?? For my Access to courts rights being violated, ?? Seriously ?? - All these involved Grievance Investigators are deliberately violating my rights to try and cover up Crimes from February 13th, 2018.

NOV 19 2018
 I need my Victim's Rights for those crimes on February 13th, 2018 against me. These people involved in my complaints and the ones trying to obstruct Justice are conspiring together against my rights et al. & depriving me of my rights under color of state law... They are using a serious campaign of harassment against me and exacerbating my mental illness... It's extremely depressing & frustrating to be mistreated so badly by these sorry people who torture me non-stop causing me severe mental & emotional pain & suffering... NOV 27 2018

Ever since the events on February 13th, 2018 when Prison Employees stole half my property & assaulted and battered me with serious injuries, I have challenged the conditions of my confinement on many levels through the Grievance System "which is well documented" and my Protected Conduct of Filing Grievances has been deliberately violated & I have been subjected to a full Campaign of Harassment & Retaliation for me trying to exercise my access to Courts rights systematically by Wardens, Grievance Investigators, Practice Manager over Medical, Central Grievance Officers, Majors, and many other Prison Officials & Staff up to this very day! I have not received any actual relief or resolutions for any of my Complaints through the TDCJ-CID Grievance System for Offenders in the last 14 months and Counting now! They have not granted any of my requested actions in my entire Grievance File! These Grievance Investigators & Authorities are Completely out of control with their corruption as they Systematically & deliberately violate the Protected Conduct of Filing Grievances of Incarcerated Persons in a real Conspiracy against our rights to obstruct justice for serious Human & Civil Rights violations. They go out of their ways to cover up terrible conditions of confinement on a regular basis in order to avoid the consequences of actually trying to resolve the Complaints instead of honoring Human & Civil Rights over monetary or property interests. It's torture on a mental, emotional, and physical level that's being fueled by unsuspecting Taxpayers' money of which the Leaders of TDCJ-CID are fully responsible for using ethically & properly so they are supposed to hold their subordinates fully accountable for their actions on a regular basis. Regarding Grievance # 2019111850, Grievance Investigators Rachel R. Rowland & Margaret M. Price have again violated my Due Process Rights, Access To Courts Rights, and my right to Petition the Government for Redress of Grievances, which they have been doing to me for a long time now, especially Margaret M. Price who is the Supervisor in the Grievance Office.

That Grievance was not processed correctly at all in order to obstruct justice for a massive campaign of harassment & retaliation against all incarcerated persons' Protected Conduct of Filing Grievances Systemwide which definitely affects me adversely also. These Investigators purposefully avoided the Office of Inspector General and Completely ignored AD-03.82 which is based off Federal & State Law and so they are also harassing me and retaliating on me for me trying to exercise my access to courts rights. They are both conspiring together against my rights et al. and agitating my mental illness on purpose. And they ignored all my requested actions again.

I've asked a bunch of times for protection from the Grievance Investigators here on Michael Unit because they have all violated my Protected Conduct of Filing Grievances for over 15 months straight and my request for protection from them has been ignored every time and I've been forced to endure further violations against my Human & Civil Rights non-stop from the Grievance Office here on Michael Unit. In Grievance #s 2019129033, 2019131746, and 2019131739 my Protected Conduct of Filing Grievances has once again been violated by Grievance Investigators Margaret M. Price, Rachel R. Rowland, and Viveca M. Motlock deliberately as part of the ongoing Conspiracy against my rights here on Michael Unit especially since February 13th, 2018 up til now and their most obvious Intentions are to obstruct Justice, interfere with my serious attempts to exercise my access to courts rights by continuously violating my due process rights which is full blown harassment & retaliation and is causing me severe mental & emotional trauma & pain. They are torturing me with their illegal & unconstitutional behavior non stop!

I have not gotten any relief in even a single Grievance I have filed since February 13th 2018 due to the massive corruption here in the Unit Grievance Office and the Central Grievance Office. Its madness and extremely inhumane and its being done on purpose to interfere with any possible litigation against Prison Officials & Staff on a very regular basis and to obstruct Justice endlessly.

You must attach the completed Step 1 Grievance that has been signed by the Warden for your Step 2 appeal to be accepted. You may not appeal to Step 2 with a Step 1 that has been returned unprocessed.

Give reason for appeal (Be Specific). I am dissatisfied with the response at Step 1 because...

It was not investigated properly and all my requested actions were blatantly ignored by Warden Charles J. Meador once again to obstruct Justice against me. This same person has violated my protected conduct of filing Grievance a whole bunch of times and I have very directly asked for protection from him and all the other involved Grievance Investigators many many times and they still continue to violate my Rights non-stop regardless of how wrong they are! They've been violating my Due Process Rights non-stop from February 13th, 2018 all the way til now! It's truly sick and is absolute torture that is causing me severe mental, emotional, and physical trauma that's building up! These are monsters who do not care at all about Human Rights whatsoever! They are trying to destroy my chances of being a law abiding citizen by endlessly torturing me illegally! Not even one Grievance from February 13th 2018 up til now has been resolved on my file and a bunch of Grievances have been stolen by these Grievance Investigators which I have very well documented! They are truly sick minded individuals whose actions prove their depravity! I want protection from every involved Grievance Investigator or Authority who has been violating my Protected Conduct of filing Grievances since February 13th, 2018 up til now in a conspiracy against my rights!
